

May 2012 Approved [Vision and Mission Statements](#)

[Vision Statement Review Committee Charter](#)

November **[Presentation on Revised Draft Vision Statements](#)**

The drafts presented at the November General Meeting are open for comment until the AGM.

The Drafts will be brought forward for approval at the 2012 AGM.

September **[Presentation on Committee/Process and Draft Vision Statements](#)**

These drafts were discussed at the department level and feedback was given to the committee.

Once initial feedback was compiled and addressed, the committee presented revised drafts at the November General Meeting.

We hope the process of refining our vision statement will encourage members to consider what they want the MRFA to be and what they want the MRFA to do for them. Moreover, we hope that this will increase member engagement with the Association.

Any feedback can be emailed to office@mrfa.net
