

Report of the Communications Committee

The Communications Committee has met on roughly a monthly basis throughout the year in order to continue to improve the communications of the MRFA. In particular, we have organized and hosted two brunches for all Departmental Communicators in order to ensure communication between the Association and the membership at the departmental level. We have sought to deliver key messages about MRFA business through our communicators throughout the year and to augment meeting attendance through this channel. The Committee's budget has been spent on brochures about the MRFA for the membership, in order to purchase a new, all-purpose banner for MRFA events, and in order to purchase a new camera for the purpose of recording events. Finally, the Communications Committee, in collaboration with the Grievance Committee, planned an information session on the grievance process for all Department Communicators, which took place on the 1st of May. This session was designed to help provide better and more accurate information about the function and process of grievances within departments across campus.

Respectfully submitted,
Kit Dobson, Secretary
