MRU Faculty Assoc.

@MRUFaculty

More than half of the instructors at MRU are Contract Academic Staff (CAS), which means most of them have to apply for courses to teach every 4 months, get paid less than tenurable faculty, and don't get paid to conduct research.

@MRUFaculty

Canadian universities increased the number of CAS by 79% from 2005 to 2015, and decreased the employment of tenurable professors by 10% during the same period. [caut.ca/sites/default/ ...](http://caut.ca/sites/default/...)

Important thread: In response to chronic underfunding from the province, our universities & colleges have built their business model on using cheap, exploitable and precarious staff, instead of offering more secure employment. This is not good for staff or students! [#abed](#) [#ableg](#)
