Mandana (Mandy) Sobhanzadeh – General Education

I joined Mount Royal University (MRU) in 2012. Working in MRU not only has improved my teaching and learning skills, but also provided me an opportunity to join various committees on campus. Being a member of various committees in MRU, provided me with an opportunity to meet more people and expand my knowledge. I believe that learning is a process that never ends and being an active member of such committees will help people enrich their knowledge. Being a representative of GNED/ADC on the MRFA Nomination Committee will help me meet more people and share my great experiences with them. I have been a member of the following committees in MRU:

- 2017, July 1 - Present. Curriculum Committee. Department of General Education,
- 2017, July 1 - Present. Colloquium Committee. Department of General Education,
